\* If the charge volume of a home based business exceeds \$4,999 over any consecutive 12-month period, the pricing will automatically be adjusted to the discount rate applicable to the business segment (i.e. home based plumbers with an average charge under \$150 will be adjusted to 3.25%).

\*\*Applies to Independent Gas Stations and merchants selling other goods and services in addition to gas (for example, service stations with convenience stores). All other merchants selling oil-related products receive retail discount rates.

**Establishment Services**
